Dear Charles;

In today's world, it is rare, to find someone who really believes in the future of America, along with one who writes and lectures on this important story.

I am writing to you, to tell you that the content within your book "America's Financial Reckoning Day", is an excellent outline of how America got to be where it is today, with regard to our financial problems.

Not only does it document the problem with America's finances, but blends and weaves a story that is as old as the Bible itself.

You also back the story up, as an excellent guest on the radio and I have found you to be equally competent, as a guest host of my radio show, "A Call To Rights" heard on KFNB radio, in Phoenix, Arizona.

Thanks for telling us what must be done....before it is too late in America!

Sincerely;

Steve Kates
Radio/TV Host
